

AlScN Sputtering Target

$Al_{1-x}Sc_xN$

Product family: Sputtering Targets

SUPPLY FORMS	INFORMATION FOR A PRECISE RFQ
• Custom scandium content • Planar ceramic target • Bonded target assembly • Research and pilot sizes	• Requested Sc atomic percentage • Purity • Target dimensions • Density requirement • Backing and bonding • Cathode information

TYPICAL APPLICATIONS

- Piezoelectric MEMS
- RF filters
- Acoustic resonators
- Sensors

ORDER AND DOCUMENTATION

Final purity, composition, dimensions, tolerances, analysis documentation, quantity, lead time and DAP or EXW delivery terms are confirmed in the Adesis quotation. Values in this guide are descriptive and do not constitute a binding product specification.
